## NEW RELEASE 2012

JIMMY TEO

### *A Legacy to My Sons*

A Father's Reflections on Aspirations, Values and Life

Jimmy Teo, a father, a grandfather, and a businessman, shares his reflections on his life experiences and life itself in a simple, readable and captivating English. First written for his sons, this sublime nectar of lucid life observation and wisdom is gleaned from his decades of living through good and bad times. Readers young and old, especially fathers and sons, can now relish and share it. When he played with his three grand children Eden, Evan and Jemimah (aged 11, nine and two respectively), Jimmy cannot help but realise that with proper guidance, lots of love and discipline, his grand kids will one day shine and become beacons and pillars for many. His two sons Joshua and Jonathan are financially independent and can be considered successful in their arena of specialty; most importantly, they remain humble, kind and strong. They too in their quiet ways are impacting society. The latest edition of the Legacy book series, *A Legacy to My Sons: A Father's Reflections on Aspirations, Values and Life*, is the distillation of Jimmy's best writings, past and new. He aspires the book to be a salient catalyst – a force for good – for the future generations – instilling in them the right values, brave aspirations and contentment with the gifts of life.

## ABOUT THE AUTHOR

**JIMMY TEO** is a grandfather, father, and a businessman. Married with two grown up sons and three lovely grandchildren, he travels actively in the region to conduct his business as well as to engage in social activities to help the underprivileged and the poor. He observes that there is a dire need to teach young people to be good people. He believes the present day's education must go beyond teaching young people learn new skills, how to make money and to secure a good career. Much guidance must be given to impart the right values, such as humility, kindness and contentment. He hopes *A Legacy to My Sons* will help trigger a transformational change in the education process. He may be a lonely voice but he knows that out there somewhere there are many with the same mission and passion.
