## GAME FOR LIFE

### Lives Made Extraordinary Through Sport

GAME FOR LIFE chronicles the journeys of 25 Singaporeans whose lives have been made extraordinary through sport. They are a diverse group of people: academics, business leaders, public servants and professional athletes who come from very different backgrounds. At first glance, they appear to have little in common – except for their passion for sport and their emphatic belief that sport helped shape them into the resilient, self-actualised people they are today. With 25 stories of hope and achievement, GAME FOR LIFE will inspire readers to discover their potential through sport. The book celebrates the effort and life lessons as much as it pays tribute to the victories on the field and in the arena.

## PRAISE FOR GAME FOR LIFE

“I know a good number of the 25 people featured in this book . . . I hope readers will be inspired by their journeys and apply the same lessons to life.”

**TEO CHEE HEAN**

Deputy Prime Minister

President, Singapore National Olympic Council

“GAME FOR LIFE provides inspiring, real life stories of the power of sport for transforming lives . . . A must-read not only for athletes but also for parents and sports coaches.”

**DANIEL GOULD, PHD.**

Professor and Director

Institute for the Study of Youth Sports, Michigan State University

“GAME FOR LIFE does a masterful job of examining the impact of sports on the lives of 25 extraordinary Singaporeans”

**DR. RALPH L. PIM**

Professor and Director of Competitive Sports (Retired)

United States Military Academy, West Point, New York
