CLINICAL SUPERVISION

Clinicians' Perspectives and Practices:
Towards Professionalising Counselling

Clinical Supervision offers various perspectives of clinical supervision, with rich anecdotal examples of actual supervisory practices. Written by authors who practise counselling and supervision in their daily work, this book is not simply a collection of theoretical ideas, but a demonstration of how such ideas are experienced in supervisory challenges and practices. It is written for practising supervisors, aspiring supervisors, counsellors, managers and social service personnel who have the common desire to cultivate a supervisory culture that is conducive for growth and learning, with the aim of delivering the ultimate dividends for clients – their wellbeing.

ABOUT *CLINICAL SUPERVISION*

The overriding purpose of *Clinical Supervision* is to guide counsellors as they learn from their experiences and grow in knowledge and skills, as well as to ensure a high service standard for the clients served. Counselling practitioners and major policymakers are beginning to recognise the importance of clinical supervision for the professionalisation of the field as they acknowledge the need for professional development in addition to obtaining academic qualifications in counselling, psychology or social work. Topics covered in this book include:

- **CLINICAL SUPERVISION FOR COUNSELLING PRACTICE** | Anthony Yeo
- **DEVELOPING REFLEXIVE SUPERVISION** | Sharon Sng
- **ISOMORPHISM AND PARALLEL PROCESS IN CLINICAL SUPERVISION** | Rebecca Lo
- **INDIVIDUAL-CLINICAL SUPERVISORY RELATIONSHIP** | Grace Lim
- **SUPERVISION ACROSS DIVERSE MODELS** | Ruth Chua
- **CLINICAL SUPERVISION AND CASE MANAGEMENT** | Elijah Sim
- **CARING FOR THE SELF IN CLINICAL SUPERVISION** | Foo Soo Jen
- **REFLECTIONS OF A SUPERVISOR** | Christine Lim
