RELEASE 2026

DR. VINCE TALLENT, born into an Anglo-Indian family in Bombay, set out for London at the age of 15, where he began a life defined by opportunity, challenge and triumph. Drawing on pivotal episodes from his life and leadership journey, Vince shares in *More Than Talent* how he has learned to harness the transformative power of opportunity – to lead, overcome adversity and create his own future. As a pioneer in FinTech and telecommunications, he became a master at building motivated, high-performing teams and empowering people to tackle complex problems with confidence and purpose. But *More Than Talent* is not simply a story of talent, achievement or corporate success. Vince discovered that the measure of a truly successful life lies in something deeper: the ability to inspire others, build enduring relationships and make a meaningful difference. For him, success is ultimately defined not by organisational performance or market share, but by genuine and lasting relationships. Vince's extraordinary life and insights invite readers to look beyond conventional definitions of success, discover new horizons and recognise that we are capable of becoming more than our circumstances – or even our talents – might suggest. For leaders navigating an increasingly volatile, uncertain, complex and ambiguous world, *More Than Talent* is an invitation to dare, adapt and create the future rather than simply respond to it.

ABOUT THE AUTHOR

DR. VINCE TALLENT has spent more than three decades building businesses and leading organisations across continents in FinTech and Telecommunications, Media & Technology. As a key member of highly specialised investment teams, senior management teams and boards of directors, he has played an instrumental role in creating significant value for shareholders and stakeholders. With a focus on building and growing international businesses, Vince has held a range of senior leadership positions, including Chairman, CEO and CFO. Today, he serves as SVP & Head of Asia-Pacific for a 175-year-old multinational – the world's largest global remittance company. Recognised for his contributions to business, entrepreneurship and philanthropy, Vince was awarded an Honorary Doctorate by Kingston University London in 2023. His career reflects a life lived at the intersection of technology, business, leadership and human potential.

ON *MORE THAN TALENT*

“I am so proud of what Vince has accomplished and who he has become. Congrats to Vince for this inspiring book, and his honorary doctorate award at Kingston University. It is very well-deserved.

JOHN K FRONTZ ■ Telecom/FinTech CFO ■ Executive & Board Advisor ■ *In His Foreword*

“Vince is a great believer in winning peoples' hearts – something that he has excelled at in both personal and professional life.

PETER HARKIN ■ Telecom/FinTech Executive & Board Member

“Vince has demonstrated the superb strategic instincts, drive, and ability to lead and motivate teams of talented professionals; the result of this is the creation of companies that make a difference.

PAT McVEIGH ■ Silicon Valley Veteran
